

Revised Budget

Complete Revised Budget

1 Introduction

The budget is a critical part of any proposal, and it is vital in the determination of funding for potential grants, cooperative agreements, and interagency awards. The Project Manager (PM) assigned to your proposal may request a revised budget from the awardee. The Revised Budget Task will usually be completed and submitted by the Sponsored Research Office/Business Official/Authorizing Officer (SRO/BO/AO), but anyone with access to the award (including the PI) can supply the content for the revised budget.

The purpose of this document is to provide step-by-step instructions for users to follow to complete and submit the Revised Budget task.

2 Prerequisites

Before the Revised Budget task can be completed, the following criteria must be met:

- The institution has submitted a proposal.
- The user is associated to a proposal as the PI or SRO/BO/AO.
- A Complete Revised Budget task has been created.

3 Completing the Revised Budget Task
